NECCDC 2026 | Theme

Modernization

There is the constant struggle to stay up-to-date with infrastructure and security while also dealing with business objectives.

- Monitoring and Alerting
- Change Management
- Layered Network Architecture
- Configuration Management
- Identity and Access Control
- Multi-Factor Authentication

NECCDC 2026 | Environment Brief

Thank you for joining <food corp>, we are happy to have you on board to help with the modernization of our infrastructure. We are like a family here! Our vision with our modernization project is to become the leading provider of fast food in all of New England. You can look forward to working with our container-based metrics and logging. We have a secure robust IAM system for our employees and vendors. It is so secure, that we don't bother with auditing of users and permissions.

NECCDC 2026 | High-level Architecture

- Firewall
- Windows Server
- Ubuntu / Debian
- RHEL*
- Identity Maintenance
- Centralized logging
- CMS
- Credential Management
- Runtime Security
- Database
- File Server
- Encryption Tunnel
- Object Storage
- SIEM
- Containers
- System Monitoring
